giveaways!

Jacqui is a Community Presenter with the Country Fire Authority (CFA) who has a passion for preparing communities for bushfire and fires in the home. She has lived on the Bellarine for 25 years with her husband and three children. Originally from the Western district, Jacqui is a third-generation farmer with a background in primary school teaching and corporate training, which has given her a strong connection with the community and CFA. A long-term Meals on Wheels volunteer in Ocean Grove, Jacqui also has a strong interest in gardening, particularly gardening for reduced fire risk, and is a big fan of dogs of all shapes and sizes.

You are warmly invited to join us for breakfast and hear about the wonderful work of our CFA and volunteers.
